Nickname: None

Age group you coach: U18s

Football team you support: AS Roma

Footballing idol growing up: Peter Schmeichel

First football match you ever attended: Roma – Ascoli 1989

Best football memories: Seeing two of my players making a Serie A debut at the age of 17 while I was coaching for F.C. Crotone

Why/how did you become a coach and what do you enjoy most about coaching: It started in the Italian 5th Division as a Goalkeeping coach in the staff of one of the coaches I had during my pro academy days. After a year I got promoted as Assistant Manager of the same team. In honesty I have started because it was a better job than the one I had at the time especially because it gave me the chance to work with something I have always loved, football.

The aspect I love the most about my job is that, especially at youth level I can impact so many lives of young men, trying to work better them as players but also to prepare them for life's adversities. For what concerns senior football, I love to see the type of joy that the team can bring to the fans.

What's the best thing about being a coach at Warrenpoint Town FC:

I enjoy being in a club like Warrenpoint Town FC because it has a familiar feeling hard to find in football

What advice or tips would you offer young footballers:

"Work hard...Win easy!" It is a simple statement that sums up what I believe in. I always say that the pitch gives you back the effort you put in, so the only way to make it is keeping the head down, listen to the advice from the coaches and work work work.
